

STUDY PLAN_COHORT YEAR 2025-26			
DEGREE COURSE IN BIOMEDICAL ENGINEERING			
Course Name	Course year Semester	Teaching credits	
Fundamentals of Computer Science	I	II	10
Mathematics	I	I	10
Chemistry	I	I	7
General Physics	I	I/II	12
Economics and Management	I	II	6
General English/Italian	I	I	1
Physiology and Anatomy	I	I/II	10
Advanced Physics	II	I	6
Mathematics II	II	I	13
Probability and Statistics	II	I	6
Healthcare Information Systems and Telemedicine	II	I	6
Electronics and Electrotechnics	II	II	11
Mechanics of Solids	II	II	6
Transport Phenomena and Termodynamics	II	II	6
Technical English/Italian	II	I	2
Biomedical Signal Processing	III	I/II	10
Fundamental of Automatic Control	III	I	9
Biomechanics	III	I	9
Fundamentals of Bioengineering	III	II	12
Measurements and Instrumentation in Biomedical Engineering and Standards for Medical Devices	III	I	7
Humanities for Bioengineering	I-II-III	II-II	6
Elective Educational Activities (ADE) - Student's Choice			12
CFU for thesis preparation			3
TOTAL overall			180
